(Latest Revision: October 21, 2008)

Revisions are underlined in RED

FORMAT

- 1.01 There shall be a maximum of four divisions of competition based upon age, sex, entries received, and as further defined in Rules 4.01 through 4.08. Generally, the High School Freshman-Sophomore Men's Division shall be for men who are freshmen and sophomores in high school; the High School Varsity Men's Division for all men of high school age; the Senior Men's Division for older men no longer attending high school; and the Women's Division for women of all ages. Women shall be eligible to participate in the High School Varsity Men's and High-School Freshman-Sophomore Men's Divisions if they meet all of the other qualifications of participation described herein.
- 1.02 Each division shall consist of a minimum of eight teams and a maximum of sixteen teams.
- 1.03 The tournament shall be conducted on a single-elimination basis with a consolation bracket, in which a team will continue play after a loss in a first round game.
- 1.04 Each team will be guaranteed to play a minimum of two games; the final round will be played on Sunday. Teams submitting entry applications must be prepared to begin play on Friday, possibly as early as 4:00 PM on Friday afternoon.
- 1.06 The state tournament shall be conducted annually during the month of March.

TEAM SELECTION CRITERIA

- 2.01 The LSA Board of Directors shall select, or cause to be selected by whatever means in their opinion is appropriate in the circumstances, the most representative teams in the state (also see Rule 2.03) for participation in each division.
- 2.02 The LSA Board of Directors reserves the right to require preliminary playoffs in circumstances where, in the opinion of the Board of Directors, more entries are received for a division than can be accepted for participation.
- 2.03 Team selection preference will generally be given in the following order in determining which entry applications are to be accepted:

STATEWIDE TOURNAMENT
CHAMPIONS REGIONAL
TOURNAMENT CHAMPIONS
LEAGUE CHAMPIONS
INDEPENDENT TEAMS (as defined in Rules 2.04, 5.05 and 5.06)

- 2.04 Any team which is not a tournament or league champion (see Rule 2.03) shall be considered an independent team unless:
(a) such team obtains a waiver of participation from the champion and any other team which, by virtue of its record in the applicable tournament or league, is more qualified to enter the state tournament; or (b) each team which, by virtue of its record in a tournament or league, is more qualified to enter the state tournament, has been accepted by the Board of Directors for participation as a qualified representative of another tournament or league. Where all conditions of Rule 2.04 as stated above in either (a) or (b) above are met, the entry application of a non-champion team shall be considered as having been received from the champion of the tournament or league the team represents.
- 2.05 Independent teams, especially tournament or league runners-up, are encouraged to submit entry applications for consideration and possible acceptance in order to round out the tournament division field.

TEAM ELIGIBILITY

- 3.01 Teams in the High School Varsity Men's Division must be established squads which have represented a Lutheran congregation and played a minimum of seven official league and/or tournament games during the current basketball season in order to be eligible for the state tournament. This means that the champion of a tournament or league in which the entering team has played less than the minimum required number of games must also have played a sufficient number of other official league and/or tournament games. Certification and approval of the entry application by the chairperson of the tournament or league represented and, if necessary to meet the minimum seven game requirement, also by the chairperson(s) of such other established league(s) and/or tournament(s) in which such minimum number of games are played may be required as provided in Rule 5.03.
- 3.02 Teams in the High School Freshman-Sophomore Men's Division, Senior Men's Division and the Women's Division are not required to be an established squad. However, they must comply with all player eligibility rules, as applicable, in Rule 4.01, Rule 4.02, and Rules 4.04 through 4.08. Established squads which participate in an existing league will be given priority over non-established squads in the selection process.
- 3.03 A maximum of two Lutheran congregations may combine with a maximum of ten players on its roster. No more than six players may be from either of the two congregations. The pastor of each congregation must approve the roster for each player who is a member of the pastor's congregation. The non-member rule (4.02) is not applicable to a combined team. Also, an affidavit from each congregation stating a genuine effort to recruit players from their congregation will be required. Copies of bulletin announcements, newsletters, etc., inviting participation may be required as further proof of this effort. Requests for acceptance of combined teams are required each year. Each request will be acted upon individually.
- 3.04 Each team is allowed a maximum of three persons to function as coach, manager or statistician. Each team must have at least one person who must be at least twenty-one years of age to function in one of the above capacities.

PLAYER ELIGIBILITY

- 4.01 Players must be members, or non-member players as defined in Rule 4.02, of the sponsoring congregation and have complied with the eligibility rules of their league(s) and/or tournament(s). A member is defined as a confirmed (communicant) member of the participating congregation. To participate in the state tournament, players must have been confirmed (communicant) members before January 1st of the given tournament year. Exception for the FreshmanSophomore Men's division and Women's division: If a player is not of the age or class customary in the player's congregation for confirmation, participation in the tournament will be allowed if the player is actively participating in the congregation's confirmation classes. (However, also see Rule 9.04)
- 4.02 A non-member player must be identified as such on the official roster and provision for the player's eligibility must be indicated in the league and/or tournament rules. If the non-member player is a Lutheran, the player's congregation must not have had an established team in the applicable division of entry during the current season. The Board of Directors reserve the right to invalidate such provision if deemed unreasonable or in the best interests of the state tournament. A team may not have more than one non-member player on its roster **if the roster consists of ten or more players. Any non-combined team with fewer than ten players on its roster will be granted the opportunity to add a second non-member player. Also, an affidavit from the congregation stating a genuine effort to recruit players from the congregation will be required. Copies of bulletin announcements, newsletters, etc. inviting participation may be required as further proof of this effort.**
- 4.03 All players must have participated in at least fifty percent (50%) of the entering team's total scheduled games. Evidence of such participation must be available in the form of scorebooks, sign-in sheets, etc., if requested by the Board of Directors. Exceptions may be permitted in case of injury, illness, military service or similar circumstances, providing that advance approval is obtained from the Board of Directors prior to the entry deadline date.

- 4.04 Players who have been regular members of an interscholastic grade school, junior high school, or high school, intercollegiate or professional basketball team after that team's third game during the current season are ineligible for the state tournament.
- 4.05 Age restrictions:
- (a) There shall be no age restriction in the Senior Men's and Women's Divisions.
 - (b) A High School Varsity Men's division player must not have reached the player's nineteenth birthday prior to the first day of September preceding the state tournament. A High School Varsity Men's division player who will be 19 years of age on the first day of March preceding the state tournament must submit with the team entry application an affidavit from the player's high school principal certifying the player's enrollment for the entire current academic year. A High School Varsity Men's division player who is not presently enrolled in high school will be eligible if: (1) the player meets the necessary age requirements; and (2) the player's high school academic class has not graduated. Individuals will be ineligible to participate once their high school academic class has graduated.
 - (c) A High School Freshman-Sophomore Men's division player must not have reached the player's seventeenth birthday prior to the first day of November preceding the state tournament. A Freshman-Sophomore Men's division player who will be 17 years of age on the first day of March preceding the state tournament must submit with the team entry application an affidavit from the player's high school principal certifying the player's enrollment for the entire current academic year.
- 4.06 Each player, coach, manager and statistician must be able to prove his/her identity by written signature and a currently valid driver's license, school identification card or other acceptable proof of identity.
- 4.07 Each High School Varsity Men's division or High School Freshman-Sophomore Men's division player, and coach or manager of any division must also be able to prove his/her birthdate by a currently valid driver's license or school identification card, either of which must cite both the individual's signature and birthdate. In the event that an individual is unable to obtain one of the two aforementioned identification documents, such fact must be communicated to the Board of Directors prior to the entry deadline date in order that the directors might be able to determine what alternative form of identification document or documents, if any, will be acceptable as proof of the individual's age.
- 4.08 Identification and birthdates as needed must be proven at least sixty minutes prior to an individual's first tournament game.
- 4.09 Any individual unable to comply with Rules 4.01 through 4.08, as applicable, will not be permitted to participate in the state tournament.
